CAMPUS SAFETY & SECURITY OVERVIEW

All colleges and universities in New York State must provide information to incoming students about: Laws and penalties for sex offenses; procedures at colleges for dealing with sex offenses; the availability of support services for victims; the nature of sex offenses on college campuses; and the methods for advising and updating students about security procedures.

An Advisory Committee on Campus Safety was established in January 1991 as required by Title II of Public Law 101-542 Crime Awareness and Campus Security Act of 1990. The composition of the committee consisting of students, faculty, and administrative staff is in compliance with this law. The goal of the committee is to develop policies, regulations, and protocols for the prevention of campus crime, resulting in a safe environment for students, faculty, and staff.

The Advisory Committee will provide upon request all campus crime statistics as reported to the United States Department of Education. For further information contact United States Department of Education's web site at <https://www.ed.gov/category/subject/safety>.

In compliance with this law, St. Elizabeth College of Nursing (SECON) is issuing this packet of materials to all students, employees of the College of Nursing, and MVHS security personnel. Furthermore, workshops, seminars, and other educational programs will be planned annually for your information and protection. Please note that this catalog is most up to date at time of publishing. It is encouraged that internal college constituents refer to the MVHS intranet and SECON website for most up to date policies. External constituents are referred to the SECON website, www.secon.edu, and/or to contact College Administration for further information.

We are required by law to distribute this information to all students and employees. Please read the following information carefully. If you have questions consult the Health Center, 315-801-8292, the Director of Student Services, 315-801-8212 or College of Nursing Administration, 315-801-3078.

Welcome to the College of Nursing!

CRIMES AND INCIDENT REPORTING

Reportable Crimes and Other Criminal Offenses

The most important part in reporting a crime or criminal offense is being able to identify whether either has taken place. Reportable crimes include but are not limited to:

- Murder
- Non-negligent Manslaughter
- Negligent Manslaughter
- Forcible Sex Offenses
- Non-forcible Sex Offenses
- Robbery
- Aggravated Assault
- Burglary
- Motor Vehicle Theft
- Hate Crimes involving Larceny, simple assault, intimidation, vandalism/damage or destruction of property
- Domestic Violence
- Dating Violence
- Stalking

Violations Reporting includes the following, but is not limited to:

- Liquor Law Violations
- Drug Abuse/Possession
- Weapons Carrying/Possession

Who is your Campus Safety Authority (CSA)?

A Campus Safety Authority is someone who is responsible for assisting members of the College Community with reporting crimes and offenses to the MVHS Security Department and/or applicable law enforcement officials. The Campus Safety Authority also will seek and refer members of the College Community for emotional and medical support if needed.

Although the victim will be given the option of reporting an offense to the authorities, there are some cases where the CSA will be required to document and/or file a report with law enforcement regardless if charges are filed (such as in cases of rape and/or sexual assault).

Campus Safety Authorities for the College of Nursing are:

Julie Wells-Tsiatsos, Dean of Student & Faculty Development, Title IX Coordinator
 St. Elizabeth College of Nursing315-801-3078
(After hour contact information - MVHS (The Wynn Hospital) Switchboard 315-917-9966 and request College Administration be contacted immediately)

Kimberly Burton, Interim Manager, Security
 Mohawk Valley Health System (MVHS).....315-917-9191

What to Expect When a Crime is Reported

1. College of Nursing CSA's will collect information from the victim for the purposes of filing a report with the MVHS Security Department.
2. The MVHS Security Department will contact local law enforcement if necessary to report a crime or criminal offense. The information presented will also be recorded in the Crime/Incident Reporting Log. Student identifiers will not be publicized in the College Crime/Incident Reporting Log; however, the offense must be publically disclosed via the Log within two days of the incident.
3. The MVHS Security Department will provide for prompt investigation of reported crimes and shall notify the appropriate law enforcement agency as soon as practical but in no case more than twenty-four hours after a report of a violent felony.
4. College of Nursing CSA's will seek out and refer students who request medical or emotional support or services.

Crime/Incident Reporting Log

The College of Nursing is required to maintain a Crime/Incident Reporting Log that is readily available to the public. The current Log is available via St. Elizabeth College of Nursing at 315-801-8206.

Applicable Laws Regarding Sexual Offenses

- Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act
- Article 129 A & B of New York State Education Law
- Title IX of the Education Amendments of 1972; 2000 Amendments
- Violence Against Women Act of 1994; reauthorized 2013

Policies Regarding Crimes and Other Offenses

Internal constituents shall refer to the MVHS Intranet for the most current policies and information. Outside constituents may refer to the SECON website, www.secon.edu and/or contact personnel at the College of Nursing for more information.

St. Elizabeth College of Nursing is bound by the policies of Mohawk Valley Health System regarding the following:

- **Workplace Harassment (MV-06-001)**
- **Fire Safety Management Plan (MV-03-018)**
- **Facility Lock In/Lock Out/Lock Down (MV-03-023)**
- **Security Alert/Hostile Situation (MV-03-027)**
- **Suspected Abuse/Referral/Report: Child or Adult (MV-19-007)**
- **Sexual Harassment Zero Tolerance Policy (MV-06-031)**
- **Workplace Harassment- Discrimination, Harassment, Sexual Harassment and Horizontal Violence (MV-06001)**
- **Active Shooter Response Plan (IPU-014)**

Violations to the MVHS policies above can result in immediate dismissal from the College of Nursing program depending on the severity of the offense regardless if formal charges are filed with law enforcement.

Access and Security at St. Elizabeth College of Nursing

Members of the College Community should be aware of the following:

- Students, Faculty and Staff accept the responsibility of guests while in the building.
- Lobby doors are locked in the evening until the following morning. Students, faculty and staff can access the building during these hours with their ID badge.
- Alarms will sound on all emergency exit doors if one leaves the building by that route.
- MVHS Security performs routine checks of all College rooms and facilities to ensure the safety of the College community.
- Students must carry and display their Student ID badge at all times while in the College of Nursing, within the MVHS or anywhere they are assigned for clinical experiences.
- Students, Faculty and Staff must use their ID badge to gain access to the College of Nursing entrance.
- Security phones are located in the Library, 1st Floor Coat Room, Student Recreation Room and 1st, 2nd, 3rd and 4th floor hallways.
- Security is available 24/7 for escorts to the College or from the College to designated parking areas by contacting MVHS security at 315-558-2896.

Discrimination, Harassment and Sexual Misconduct

Sexual Harassment is a form of misconduct that undermines an individual's integrity and human dignity. Furthermore, it is a violation of the law. The St. Elizabeth College of Nursing Discrimination, Harassment and Sexual Misconduct Policy (CNG-100.28) has been adopted to ensure that all students, faculty, staff, and guests may work, study and enjoy the benefits of the College community without being subjected to discrimination, harassment or any form of non-consensual sexual activity.

The institution's intent is not to interfere in the relationships that people may enter into freely away from the workplace; however, such situations are often subject to individual perceptions. Any employee, student, physician, visitor or other guest of St. Elizabeth MVHS/SECON has a right to make a complaint if they feel they have been, or may have been sexually harassed. This institution encourages any person to seek clarification or advice regarding sexual harassment from their supervisor, SECON Title IX Coordinator,

Julie Wells-Tsiatsos, 315-801-3078, the Personnel (Human Resources) Department or the Administration of the MVHS.

Internal constituents shall refer to the MVHS Intranet for the most current policies and information. Outside constituents may refer to the SECON website, www.secon.edu and/or contact personnel at the College of Nursing for more information.

Procedure for reporting an incident

MVHS will investigate every incident of claimed sexual harassment. This investigation will be conducted in a professional and private manner that protects the identity of both the person lodging the complaint and the person accused to the highest extent possible. Pursuant to this, please refer to the Discrimination, Harassment and Sexual Misconduct Policy (CNG-100.28) located on the MVHS intranet and SECON website.

Hate Crimes and Criminal Offenses/Violations

A Hate Crime is a criminal offense committed against a person or property which is motivated, in whole or in part, by the offender's bias. Bias is a performed negative opinion or attitude toward a group of persons based on their race, gender, religion, disability, sexual orientation or ethnicity/national origin.

There are 6 categories of hate crimes:

1. Race
2. Gender
3. Religion or belief
4. Sexual Orientation
5. Ethnicity/national origin
6. Disability

Reportable criminal offenses punishable by law *specifically for hate crimes* include but are not limited to:

1. Larceny-theft
2. Simple assault
3. Intimidation
4. Vandalism/destruction/damage to personal property.

If any individual feels they have been a victim of a hate crime, this should be reported immediately to your CSA for review.

St. Elizabeth College of Nursing will not tolerate any activities related to violence or discrimination on the College campus. If a student does engage in such illegal activity, they face not only legal prosecution but also disciplinary action to include suspension and/or dismissal from the College of Nursing.

Internal constituents shall refer to the MVHS Intranet for the most current policies and information. Outside constituents may refer to the SECON website, www.secon.edu and/or contact personnel at the College of Nursing for more information.

Resources for Personal Safety and Crime Prevention Tips

Campus Safety Tips for College Students. (2021). Retrieved July 1, 2022 from <https://www.affordablecollegesonline.org/campus-safety-guide/>

Hollister, B. A., Scalora, M. J., Hoff, S. M., Hodges, H. J., & Marquez, A. (2017). College student reporting responses to hypothetical and actual safety concerns. *Journal of School Violence* 16(4), pp. 331-348. DOI: 10.1080/15388220.2015.1129498.

General Guidelines for Protection against Violence

- Promote a clear, consistent, firm anti-violence stance throughout the college. Trust your instincts (If a situation does not feel right, chances are it is not.)
- Do not worry about being impolite and hurting someone's feelings when verbalizing feelings about being uncomfortable.
- Project a confident, assertive manner; carry a whistle or keys in your hands.
- Be alert to the surroundings and the possible escape routes on the street (95% of campus crimes that are violent are alcohol and drug related).
- Recognize your vulnerability - BE AWARE.
- Go out in groups rather than singly. Use the buddy system and watch out for your neighbor.
- Avoid unsafe situations.

PSYCHOLOGICAL CRISIS

A psychological crisis exists when an individual is threatening harm to themselves or to others, or is out of touch with reality due to a severe drug reaction or psychotic break. A psychotic break may be manifested by hallucinations, uncontrollable behavior, or complete withdrawal. Psychological crises may occur in response to traumatic or tragic events affecting the campus community.

In addition, psychological crises may involve individuals in severe distress who are unable to manage themselves and may be creating serious adverse responses in people around them.

Quick Response...Protect Yourself

Call 911 to report an emergency

Call MVHS Security Officer on Duty 24/7 (on SECON Campus): 315-558-2896

Call Student Health Services: 315-624-6174

Call Crisis Hotline: 315-732-6228

YWCA Crisis Hotline: Oneida County 315-797-7740 or Herkimer County 315-866-4120

****Unusual or Potential Dangerous Situations****

1. Never try to handle a situation by yourself that you feel is dangerous. Call MVHS Security.
2. Clearly state that you need immediate assistance. Give your name, where you are calling from, and state the nature of the problem.
3. All suicide attempts should be reported to MVHS Security so that proper procedures may be followed to ensure the safety of those involved.

****Reacting to Violent Situations****

1. Send positive body signal by keeping a positive posture and maintaining eye contact.
2. Do not touch or approach a person who may become violent.
3. Be in control by not getting angry and keep the person talking.
4. Show concern yet maintain a distance.
5. Don't forget to call 911 or have someone else call!

FIRE SAFETY AND AWARENESS

Fire Safety, Protection and Prevention

The College of Nursing participates in Fire Safety, Prevention and Protection procedures to ensure a safe environment. To ensure the College Community is prepared in the instance of a fire, drills are performed every semester in conjunction with the MVHS Environmental Safety and Security Departments. The MVHS has also instituted regulations in regards to fire prevention and safety:

- Electrical cooking appliances are only permitted in approved areas of the College. This includes the College kitchen, Faculty and Student Lounge, and the Staff Break room.
- All power surge strips for electrical use must be preapproved by the MVHS Facilities Department.
- Un-popped microwave popcorn cannot be made or popped anywhere in the College. This item has been removed from all vending machines.
- Food items in microwaves cannot be left cooking unattended. Do not attempt to microwave aluminum foil.
- Christmas lights in offices and/or wrapping doors to decorate during the holidays are not permitted, unless lights are battery operated and shut off when no one is in the office.
- Televisions and stereos in the Student and Faculty Lounges need to be powered off when no longer in use.

Internal constituents shall refer to the MVHS Intranet for the most current policies and information. Outside constituents may refer to the SECON website, www.secon.edu and/or contact personnel at the College of Nursing for more information.

What to Expect in the Event of a Fire (smoke or fire)

In the event of an outbreak of fire, smoke or during a fire drill exercise, R.A.C.E. procedures are to be utilized as follows:

Rescue: Rescue anyone in immediate danger without risking your own safety.

Alarm: Student/Faculty/Staff identifying smoke/fire or simulation is to pull the nearest fire box/alarm and dial 911 or direct another to do so. Report your name, location and any other pertinent details.

Contain: Contain the fire, check each room for smoke, fire or other hazardous conditions before closing door. If present, remove others before closing the door. Close all doors and windows. Clear corridors for emergency personnel.

Extinguish: If properly trained, use fire extinguisher to put out fire.

P – Pull the Pin

A – Aim the extinguisher at the base of fire

S – Squeeze the handles together

S – Sweep back and forth at the base of fire

On campus – An alarm will sound that can be heard on all floors and levels of the College of Nursing. When this alarm sounds, all fire doors will automatically shut. Faculty and staff are to close the windows and doors of personal offices and those adjacent to them, as well as classrooms that are vacant.

Students, faculty and staff will proceed to first floor of the building and exit via the nearest exit (whether a drill or an actual fire). Do not attempt to use the elevators to transit to the first floor. It is important that all parties remain calm. Once outside go to the assembly area located at the Genesee St. Lobby entrance and remain under the overpass until clearance to return into the building is given from either the Fire Department or MVHS Fire Marshal/Safety Officer. In the event that there is an actual fire you will be directed to the safe area Parking Lot A to await further instructions.

Once the situation is under control authorities will give clearance to re-enter the College Building.

Emergency Exits:

1st floor – Front, southeast, facing court yard
 Front, northeast, facing driveway
 Rear, east to parking area
 Rear, east next to Receiving Room

All other floors – Exits are stairways on North and South sides of corridors.

Fire Extinguishers and Fire Alarm Boxes:

- Located on all floors between Storage Room and Stairway on North side
- All floors between elevator and stairway on south side
- 1st floor alarm boxes—Near emergency exit doors
- There are hand extinguishers in the science lab (4th floor), in Room 306, and in the duplicating room (1st floor)
- It is our policy not to use fire extinguishers unless they are needed to exit the area of a fire for threats of life or death

CODE LIST FOR INPATIENT EMERGENCIES

MVHS (Wynn Hospital) Emergency Code List

** Refer to the MVHS intranet for most current list of emergency codes or the MV-03-016 policy*

Active Shooter: Active shooter situation

Code Airway: Code Blue for confirmed COVID or suspected COVID patients

Code Amber: Child/infant abduction

Code Blue: Cardiopulmonary resuscitation

Code Elopement: Patient/Resident lost or missing

Code Lockdown/Lockout: No one can go in or out of the building

Code Manpower: Manpower needed for behavioral issues

Code MI: Cardiac case entering the Emergency Department

Code Orange: Prisoner patient escape

Code PALS: Pediatric cardiopulmonary resuscitation

Code Red: Smoke or fire

Code Stroke: Individual exhibiting STROKE symptoms

Carbon Monoxide Alarm: Carbon Monoxide detection

Condition Clear: Emergency condition resolved

Decon Team Activation: Activation of Decontamination Team

Incident Command: Activation of hospital disaster response plan

Rapid Response: Medical help needed inside or outside of building

Security Alert/Hostile Situation in (Location): Weapons display or hostage situation

EMERGENCY OPERATION PLAN (EOP) MVHS AND COLLEGE OF NURSING

Incident Command is activated and is located at the Wynn Campus Command Center (3rd Floor)

College of Nursing will be notified by MVHS Administration

President of College (or Designee) reports if requested

Faculty on Nursing Units remain on unit with students

Faculty in College of Nursing remain in building until called...faculty may be called at home if assistance is needed

Nursing students will be called as needed

Students/Faculty may be called by Nursing/Incident Command for assistance

ACTIVE SHOOTER ON CAMPUS: HOW TO RESPOND

An active shooter is an individual actively engaged in killing or attempting to kill people in a confined and populated area; in most cases, active shooters use firearm(s) and there is no pattern or method to their selection of victims.

Active shooter situations are unpredictable and evolve quickly. Typically, the immediate deployment of law enforcement is required to stop the shooting and mitigate harm to victims.

Because active shooter situations are often over within 10 to 15 minutes, before law enforcement arrives on the scene, individuals must be prepared both mentally and physically to deal with an active shooter situation.

Good Practices for Coping with an Active Shooter Situation:

- Be aware of your environment and any possible dangers
- Take note of the two nearest exits in any facility you visit
- If you are in an office, stay there and secure the door
- If you are in a hallway, get into a room and secure the door
- As a last resort, attempt to take the active shooter down. When the shooter is at close range and you cannot flee, your chance of survival is much greater if you try to incapacitate them.

CALL 911 WHEN IT IS SAFE TO DO SO

How to Respond when an Active Shooter is in your Vicinity:

Quickly determine the most reasonable way to protect your own life.

RUN

If there is an accessible escape path, attempt to evacuate the premises. Be sure to:

- Have an escape route and plan in mind
- Evacuate regardless of whether others agree to follow
- Leave your belongings behind
- Help others escape, if possible
- Prevent individuals from entering an area where the active shooter may be
- Keep your hands visible
- Follow the instructions of any police officers
- Do not attempt to move wounded people
- ***Call 911 when you are safe!***
- ***Information to provide to 911 operator (if possible) includes location of active shooter, number of shooters (if more than one), physical description of shooter(s), number and type of weapons held by the shooter(s), and number of potential victims at the location***

HIDE

If evacuation is not possible, find a place to hide where the active shooter is less likely to find you.

Your hiding place should:

- Be out of the active shooter's view
- Provide protection if shots are fired in your direction (i.e., an office with a closed and locked door)
- Not trap you or restrict your options for movements

To prevent an active shooter from entering your hiding place:

- Lock the door
- Blockade the door with heavy furniture

If the active shooter is nearby:

- Lock the door
- Silence your cell phone and/or pager
- Hide behind large items (i.e., cabinets, desks)
- Remain quiet

If evacuation and hiding out are not possible:

- Remain calm
- Dial 911, if possible, to alert police to the active shooter's location
- If you cannot speak, leave the line open and allow the dispatcher to listen

FIGHT

As a last resort, and only when your life is in imminent danger, attempt to disrupt and/or incapacitate the active shooter by:

- Acting as aggressively as possible against them
- Throwing items and improvising weapons
- Yelling
- Committing to your actions

How to Respond when Law Enforcement Arrives

Law enforcement's purpose is to stop the active shooter as soon as possible. Officers will proceed directly to the area in which the last shots were heard.

- Officers, who usually arrive in teams of four (4), may wear regular patrol uniforms or external bulletproof vests, Kevlar helmets, and other tactical equipment
- Officers may be armed with rifles, shotguns, or handguns
- Officers may use pepper spray or tear gas to control the situation
- Officers may shout commands, and may push individuals to the ground for their safety

How to React when Law Enforcement Arrives:

- Remain calm, and follow officers' instructions
- Put down any items in your hands (i.e., bags, jackets)
- Immediately raise hands and spread fingers
- Keep hands visible at all times
- Avoid pointing, screaming, and/or yelling
- Do not stop to ask officers for directions or help when evacuating, just proceed in the direction from which officers are entering the premises.

The first officers to arrive at the scene will not stop to help injured persons. Expect rescue teams comprised of additional officers and emergency medical personnel to follow the initial officers. These rescue teams will treat and remove any injured persons. They may also call upon able-bodied individuals to assist in removing the wounded from the premises.

Once you have reached a safe location or an assembly point, you will likely be held in that area by law enforcement until the situation is under control, and all witnesses have been identified and questioned. Do not leave the safe location or assembly point until law enforcement authorities have instructed you to do so. Do not discuss events with the media as it may jeopardize others who may not have escaped.

EMERGENCY NOTIFICATION AND COMMUNICATION

What to Expect in an Emergency

In the event of an actual emergency the college community will be notified either via e-mail or cellular text alerts. The type of emergency and instructions for how to proceed will be included. Students, faculty and staff will be responsible for regularly checking their e-mail and cellular text accounts within SONIS WEB (Student Information System). **It is important that all parties update their contact information as soon as possible when an e-mail account is closed or your cellular number has changed.** This can be done in SONISWEB. (<https://secon.jenzabarcloud.com>)

The College Community will be advised of a significant emergency in one or all of the following occurrences:

- Snow closings
- Extreme weather (approaching tornado/hurricane)
- Earthquake
- Gas leak
- Terrorist incident
- Armed intruder (shooter on campus)
- Bomb threat
- Civil unrest/rioting
- Explosion
- Nearby chemical or waste spill
- Outbreak of a serious communicable disease

Emergency Notifications *will not be* used for:

- Power outages
- String of larcenies

Notification and Alert Preferences

The College of Nursing will request both Primary and Emergency Contact Information from members of the college community in the event of an emergency; however, the emergency notification and/or alert will be sent to the primary contact information first. It is important that your primary e-mail address is current as this will be the default gateway for notification. Cellular phones will also be used for notification via short message signals (SMS) texts if one is available on the individual's record.

How to Proceed in the Event of an Emergency

Definitions and Terms

Please become familiar with the following terms:

- **Code Lock Down/Lockout:** an order that prevents any individual from entering or leaving a designated side, floor or area of the building. This is only used in emergency situations.
- **Defend in place:** an order that instructs the individual to remain in the room or area they are currently in and to take precautionary measures to ensure their safety. This may include proceeding to a safe area, moving away from windows so that one is not visible, and/or locking doors to prevent intruder entry from the hallways.
- **Shelter/Remain in place:** this is more applicable for extreme weather related events. This order means individuals should seek cover away from windows and/or doors and not attempt to transit to a different area of the College. If possible they should seek refuge in a designated safe area which can be identified in **Table 1**.
- **Evacuate:** an order that instructs the individual to exit the College of Nursing building in a calm, timely manner. During an evacuation, students will be advised as to what Safe Area they will need to report to. Safe areas are also identified in **Table 1**.

Figure 1. Sample Notification Alert*

College Security Alert: Please be advised that a **Code Lockdown/Lockout** has been initiated at the College of Nursing. On campus: *Defend in place* until instructed otherwise. Off campus: Do not attempt to return to the College of Nursing at this time.

* The format of italics and bold print will not appear in the alert. This serves to help identify key terms in the message.

- **Condition clear:** an order that the situation is all clear or under control. When this is announced it is safe to resume operations at the College. Members of the college community in addition to the clients and visitors of the MVHS offices located in the College building will be permitted to return into the building.

Evacuation Drills and Emergency Preparedness

The Emergency Notification System will be routinely tested during the semester to ensure notifications are received in a timely matter and that all gateways are utilized appropriately.

Drills will also be performed at least once a year to ensure that the College community is aware of the procedures in place and that they are followed accordingly.
